Sent July, 2007

From the Editor

Dear Friends and Fan Club Family, Welcome, and thanks for stopping by our corner of the Internet. I hope you are enjoying the info and excerpts from Steve music (bonus tracks), as well as photos and interesting facts about Steve.

Please continue to come in and look around, enter contests and sign the guestbook.

If you're already one of our treasured fan club members, I'd love to invite you to join the On The Road Team, where you are eligible to win an autographed CD! Before you leave, please add yourself to Member Spotlight, where you can tell everyone a little about yourself and post pictures of you, your family and your pets!

I wish to thank Matt Tanner, who has been doing our newsletter archive page for the last year and some months. His life has become very busy, and he will no longer be able to do it. We will miss your newsletter input, Matt, but thanks so much for all your help in the past. You've done a wonderful job!

Steves wee newsletter blurb:

" The weather has gone..... not crazy, not weird, just gone. Jos and I have been in Port Douglas Australia for 9 days to get away from the NZ winter, but they were not having weather at all. It was overcast all day, bit of rain, and nothing else. Someone has lost the recipe for weather. normally it is 30 degrees and sunny. Even when we went diving on the Great Barrier Reef the sharks didn't even turn up, that's how bad things are. Never mind, looking forward to coming to the States (dont know when) maybe you are having weather over there??
