~FROM THE EDITOR~

Dear Friends and Fan Club Family,

Hello to you all! A big WELCOME to all our many new members! We're glad to have you here..

CHEERS!

~Steve's Blurb~

"Work on the new album is coming along well, just about to start on the vocals. This is truly an international effort as I am doing my vocals and some overdubs in my studio in New Zealand, the main backing tracks will be done in the U.S. and the orchestral parts will be done in Europe, so piecing it all together will be interesting.

We have just finished the final selection process (which involves recording demos of all the songs put forward and then deciding which will stay and which will go.) and will now start recording the real thing.

I'll keep you posted."

~STEVE McDONALD~

It will be more months before we launch but we hope it will be worth it. We'll have live interviews with Steve, archive music videos, and live broadcast of his new album production. We will have Jackie announce to all of you when the site is about to launch and we'll send your announcements of every Steve McDonald feature before it airs.
